Departmental Reports

Road Department

Billy Saunders Stevenson’s finished the drainage jobs on Highview and Ventura.

Bob McClure at the County Engineer’s Office met with me about the Right of Way on Fernway. We located the center line in the road, after numerous years the center line is off from the original marking, so the fence is actually on Mr. Gunnell’s property. I discussed this with Mr. Gunnell and informed him of this finding and that he would maintain the fence. The new gate that was installed would be allowed but not used for vehicular access.

Tim Foley Since this has been resolved we can now close the case with Mr. Gunnell.

I have been having flooding issues. The storm sewer is emptying into a single pipe on my property and overfills creating river like conditions. I am trying to divert water from going into my garage.

Tim Foley Are you familiar with this location Billy?

Billy Saunders I have been out there. This location does have a natural water way. This is beyond our right of way.

Tim Foley I would like to come out and take a look. Set up a time to meet and I will be there with Billy Saunders.
